

Pebble Creek Family Dentistry

Pebble Creek Family Dentistry has taken top honors in the 2011 Reader's Choice Awards for "Best Dental Service." Dr. Segebarth, Dr. Spencer, Dr. King and the staff feel honored to receive this award. We all agree that our high standards of quality and integrity motivate us to achieve the best results for our family of patients. The doctors and staff at Pebble Creek Family Dentistry pride ourselves on education and staying up to date with the latest technology and dental materials. We understand that each patient has specific needs and concerns. Our goal is to treat each patient comprehensively and consider each patient unique.

Pebble Creek Family Dentistry has been providing quality dental care to Hopkins County for over 30 years. The techniques have progressed much over the years, but you can feel at ease knowing that the staff always uses the most up to date methods available. All of the treatment coordinators and hygienists are professionals with many years of experience. The office has several staff members that have been here 25 years or more.

A wide range of services are offered at Pebble Creek Family Dentistry. They include soft tissue laser surgery, air abrasion, bleaching and ZOOM whitening, cosmetic veneers and crowns, root canal therapy, digital x-rays, prosthetics treatment and same day denture repairs. We also offer dental implants for tooth replacement. If you wish to alleviate your smile lines and wrinkles, Botox or Juvederm may be for you. Both of these procedures are offered in our office.

We want all of our patients to have an enjoyable experience. For this reason, we provide personal iPods with pre-loaded music for your comfort. For the very anxious patients, we may use sedation to help you relax during your visit and leave our office with little or no memory of the procedure.

The office is open early mornings and late afternoons to accommodate your work schedule - Monday through Friday 8 a.m.-6 p.m., as well as Saturday 8 a.m. to noon. For emergency care, the telephone is answered 24 hours a day. For more information about our practice, please visit our website at www.PebbleCreekDentistry.com.

***Congratulations
2012 Readers' Choice
Winners!***
